

# Killam Regional Aquatic Center

## Session Information:

Programs will run on a session basis as of May 1, 2017. Each session will be a month long.

- Patrons are required to register for each session.
- Registration must be completed 5 days prior to each session start date.
- Should the minimum number outlined for that said program not be met, the class would not run OR the pre-registered user could choose to pay the difference and we could run the program.
- There is no reimbursement or carry over of user fees if the session is offered.
- Cancellation out of a session for a refund will only be accepted with a doctor's note.
- Drop In's welcome (excluding lessons) to Sessions that are running. Drop In numbers do not count towards the minimum number required.
- As of May 1, 2017 the aquatic center will no longer be selling or issuing 10x punch cards and all passes. All current (as of May 1, 2017) pass holders will be honored until their expiry date. At which point we will not be accepting renewals.
- Minimum Numbers: A set minimum number of 10 insures that we are covering wages for said programming as well covering a portion of the fixed costs (utilities, repairs, etc.) to operate the pool.

Example of May Sessions. No Class on Monday May 22 due to the holiday. Registration for this session due April 24,2017
